SUBJECT: Ad Hoc Committee Sites / TDD# F5-8101-10.  
Decatur / Macon County Landfill

On February 19, 1981, Renee Hix, Dan Sewall and Ellen Jurczak performed an on-site inspection at the Macon County Landfill in Decatur. Rick Hersemann of the Illinois Environmental Protection Agency's (IEPA) Springfield office was interviewed and gave a tour of the site. The manager of the site was not available.

This landfill accepts municipal as well as nonhazardous liquid wastes. Liquid wastes are poured over municipal garbage when disposed of. A complete list of wastes accepted at the site is being sent to the Field Investigation Team (FIT) office. Although some paper was seen blowing around the site, no major problems were noticed.

The site has permits for all types of wastes accepted and is monitored regularly by the IEPA. No further action by the FIT office is recommended.
